

Business Event Management

Ashgabat, Turkmenistan
2023

ABOUT US

"Uly Sapak" Economic Society is a team of professionals engaged in organizing business events with a full range of services, including video conferences and online trainings. Our specialists' experience in organizing various events attended by leading international companies, their professional skills and ability to work with clients will lead to successful completion of your project.

WHAT WE DO

CRM (customer relationship management)

Our main objective is the attraction of potential customers through advertising and promotion. We specialize in building customer database and mutually beneficial relationships, which is our top priority and a prerequisite for successful execution of the project.

Visa Support

We render our expert advice and Visa support to all international participants.

Audiovisual

Creative approach and expertise of our audio and video engineers will make the event a top-notch experience.

Transportation

Our shuttles and the event management team will make sure participants safely reach their destination on time.

Catering

We partner with best restaurants which will serve you delicious dishes of national and European cuisine.

Accommodation

Our official Travel Agent will provide high-quality accommodation service with a wide selection of comfortable hotels to meet your requirements.

Communication

Our project manager responsible for working with you throughout the project will keep you updated at every step.

Interpretation & Translation Support

Regardless of the subject and language of your event, we will provide the participants with simultaneous or consecutive translation both into Turkmen and into other languages. Our specialists speak Turkmen, English, Russian and Turkish, which allows us to communicate freely with our local and foreign partners.

IT Support & Technology

Given the global pandemic situation and in keeping with the demands of the time, one of our spectrum of services is the organization of on-line video conferences and trainings. We use hi-tech equipment and provide simultaneous translation services for

the conduct of audio-visual presentations and training sessions.

OUR CUSTOMERS

Since 2019, Uly Sapak has rendered logistics and administrative support to Pacific Northwest National Laboratory, one of the United States Department of Energy national laboratories, for the events conducted in a hybrid format. From 2021 onward, the company started providing event management services to OSCE Centre in Ashgabat and International Centre for Migration Policy Development (ICMPD), and in 2022, to the Regional Environmental Centre for Central Asia (CAREC) and Vertex Integrated Solutions LLC. In 2023, our company signed a long-term agreement with the United Nations International Children's Emergency Fund (UNICEF) Turkmenistan and with United Nations Population Fund (UNFPA).

PACIFIC NORTHWEST NATIONAL LABORATORY: TRAININGS & WORKSHOPS IN TURKMENISTAN

For the past few years, Uly Sapak has worked closely with its PNNL partner to deliver their training programs, which took place in Ashgabat and Turkmenbashi over the period of 2020 - 2022.

ICMPD MEETINGS & CONFERENCES

From 2021 until present, Uly Sapak has been assisting ICMPD with organization of BOMCA-10 Programme events in Ashgabat. Since December 2021, more than twenty ICMPD events have been implemented as part of the program, both offline and in a hybrid format.

OSCE CENTER IN ASHGABAT: CONFERENCES & SEMINARS

Uly Sapak is the holder of a contract signed with OSCE Center in Ashgabat in 2021 for the provision of event management services. Since then, our company has ensured logistics and administrative support for several OSCE events held via various formats.

REGIONAL ENVIRONMENTAL CENTRE FOR CENTRAL ASIA (CAREC): TRAININGS & WORKSHOPS

In spring 2022, Uly Sapak started rendering event management services to Regional Environmental Centre for Central Asia (CAREC) to help carry out trainings and workshops. Since April 2022, Uly Sapak has supported a number of CAREC events, as well as events carried out in a hybrid format.

VERTEX INTEGRATED SOLUTIONS LLC

In April 2022, Uly Sapak signed a contract with Vertex Integrated Solutions LLC to provide event management services for training courses and workshops via a virtual format. In May 2022, our company rendered support for two training seminars held in Turkmenbashi for one of state organizations of Turkmenistan.

UNICEF TURKMENISTAN

The United Nations International Children's Emergency Fund (UNICEF) in Turkmenistan is one of our reputable customers. We are honored to provide our services to UNICEF under a long-term agreement we signed with the organization in 2023. According to the agreement, our company undertakes to provide all venue-related administrative and logistical support for the events, including simultaneous translation equipment, as well as catering and logistic arrangements to participants.

UNFPA

In March 2023, Uly Sapak signed a memorandum of agreement with United Nations Population Fund (UNFPA) for the provision of goods and services.

TESTIMONIALS

"Uly Sapak proved to be not just the most cost-effective competitor but a truly efficient, professional, and reliable partner to our program."

Alma Machshanova
Sustainability Manager
Pacific Northwest National Laboratory

"I was pleased to learn that such a company appeared in local market of conference services and successfully provides its services to representations of international organizations and embassies in the country."

Guncha Nepesova
